

# Continuity Planning for Small Businesses

Offered by the [Rural Domestic Preparedness Consortium](#)

**Tuesday**  
**March 31<sup>st</sup>, 2020**  
**8:30 – 5:00**  
**Friday Harbor, WA**

Location and other details will be emailed in advance to all registrants

When disasters strike, small and medium sized businesses often endure the worst of the impacts. In the islands, our geographic isolation and economic reliance on a few key industries make the challenge even greater. This no-cost 8 hour training will provide basic information about the risks to the islands, and will offer some simple tools and approaches to help businesses prepare.

## TOPICS INCLUDE:

- Forming a business continuity planning team
- Identifying functions that are necessary for your business to operate
- Identifying hazards that could adversely affect the continuity of your business
- Writing a business continuity plan that addresses high probability and high impact emergencies
- Testing and evaluating your business continuity plan

## WHO SHOULD ATTEND:

- Small and medium sized business owners and managers
- Those with roles supporting small and medium sized businesses
- Insurers, banks, and other providers of critical support to small and medium sized businesses

**RSVP at: <http://www.sanjuandem.net/2020Business>**

**Class size is limited, please  
RSVP to hold your place.**
